Protocols for Opening Building

The task force for opening the building complete work on a set of protocols for small group meetings. The protocols were reviewed with some edits suggested. The edited version will be distributed to the Governing Board. Once approved, Jenny will distribute to small group leaders. A timeline for the official opening to small groups needs to be established once all the necessary materials and logistics have been secured.

Jim and Wally will contact Herb John in order to have a conversation with the boy scout leadership and their use of the building.

There was some discussion about other ways to educate people on the building such as a training video.

Building Use Consideration

Now that we know that school is starting virtual, there was some thought about making a portion of the building available for students to use for study when they have no places to do work or be online with teachers from home. We will check with the districts to see what options they are planning and if additional space would be helpful and if Wesley and perhaps some other churches could meet the need.

Congregational Gathering – Identity Statement

A group of 12 members have been through a training on leading small groups in discussions. The entire congregation will be invited to join a group for additional discussions. The process will begin on August 16th, 11:00 AM, online after online worship. There was discussion on the process for engaging the entire congregation.

The meeting closed in prayer. The next meeting will be Monday, August 10, 2020. The Governing Board decided to meet weekly to complete the study of The Adept Church before returning to a monthly schedule.
